

## The Spirits of Gallipoli

---

### The First Anzacs

How many of your first Anzacs never left Gallipoli's shores?

Who were they?

Who grieved for them?

The *Spirits of Gallipoli* is a project dedicated to finding as much information about these men as possible

A small group of dedicated enthusiasts, we will be returning to Gallipoli in June 2009 to photograph every headstone and memorial. But we need help.

In return for your sponsorship we will send you a CD containing the details for your Anzacs. After the visit you will receive an augmented CD containing photos of the memorials and headstones, video footage of all the Gallipoli cemeteries and video footage of the Peninsular. At no extra charge we will incorporate any information or photographs that you may already hold

- Preserve your Anzacs for future generations
- Provide an income stream for your club, additional CDs are always available for you to purchase

#### Sponsorship Rates:

- Individual man, \$25
- Group - first 10 men, \$15 per man
- Group - additional men, \$10 per man
